Chris,

It turns out Enrique is only available for 90 minutes. The topic order is fine but I did shorten the time of each item. I think we can still cover everything and it seems like topics 5-7 will have some overlap so that should help. Everyone besides Enrique is available until 1pm if we want to continue our discussion.

Thanks,
Daewon

Hi Daewon -- Thanks for sending this over. I have added a few topics to the end of the agenda. They may fit better at different times, so please feel free to edit timing as you see fit. Thanks! Have a great weekend. Chris

Hi Chris,

Please add your topics to the attached agenda. Enrique would like to know (item 2) what progress has been made on issues and recommendations in the 2016 FYR, mainly groundwater (OU3/5) and VI.

Thanks,
Daewon Rojas-Mickelson, PE
